# OUR PLAN FOR BRITAIN

The EU referendum result was an instruction to change the way our country works, and the people for whom it works, forever. A call to make Britain a country that works for everyone, not just the privileged few.

That's why the Conservative Government's **Plan for Britain** is a plan to get the right deal for Britain abroad and a better deal for ordinary working people at home.

Our **PLAN FOR BRITAIN** will deliver a country that is stronger, fairer, more united and more outward-looking than ever before:

- 1 A Global Britain that is outward-looking.** We will forge a new partnership with the European Union that gives us control of our borders and our laws – while also trading beyond Europe, shaping decisions across the globe and working to make the world a safer place.
- 2 A stronger economy where everyone plays by the same rules.** We will help people with everyday costs and bills by acting to ensure consumer markets work as they should, crack down on individuals and businesses who abuse the system, deliver a modern industrial strategy that spreads jobs and prosperity across the country – while continuing to bring the deficit down with a balanced approach so we live within our means.
- 3 A fairer society where success is based on merit, not privilege.** We will provide a good school place for every child, deliver more affordable homes, put record investment into the NHS, make sure we have a welfare system that rewards work, and tackle historic injustices like racial and gender discrimination.
- 4 A united nation that our children and grandchildren are proud to call home.** We will strengthen and protect the precious union of England, Scotland, Wales and Northern Ireland – while acting for the benefit for all the cities, towns, villages and communities across the country.
